

I dedicate my projects with the greatest respectful homage I can give to my greatest role model world star Patrizio Buanne. Certainly his music will continue to be my daily companion and my boundless respect, the greatest possible loyalty and the greatest possible gratitude will last forever.

My musical path started in 1999. But one of the most special moments of my life was for me when, in 2012, through the music of world star Patrizio Buanne, I regained the hope and courage to continue my fighting the cancer, and months later, I had won and was cancerfree. Since then, his music has always been like the most beautiful sun in my life. (In the photo you can see my Patrizio Buanne CD and DVD collection and the picture is supposed to represent a sun). His music was, is and will remain my light of hope through which I will never stop believing in myself and my dreams and by which I never lose the hope, the courage and the strength to continue on my way. The music of Patrizio Buanne was since 2012 my hope on hopeless days, she gave me courage and strength not to give up and go my way and helped me again and again to never give

up the belief in myself and my dreams.

That I'm still alive in 2019, that I can start again with my music and at the same time make more and more people courageous and hopeful with my books and hope projects, all this is possible because of her music. She was and always will be my light in the darkest nights, she is my hope on hopeless days, like a beautiful radiant rainbow and she makes me happy on every new day.
